

Quality Policy Statement

IQ Medical and its divisions (businesses) are dedicated to providing the best outcomes for patients.

The quality and reliability of the Company's products and services are seen as paramount to the success and growth of our business.

The Top Management of the Company is committed to demonstrating leadership and commitment with respect to the Quality Management System and takes account for the effectiveness of the system.

Meanwhile, quality must continue to be the concern of every person in the Company, not just the sole responsibility of the Top Management. Every person in the Company has quality related responsibilities, and it must be understood and accepted that every aspect of what we do in the business ultimately affects customer satisfaction.

The Company is committed to establishing quality objectives at relevant functions, levels and processes needed for the quality management system. All quality objectives shall be appropriate, measurable and will be continuously reviewed and updated to ensure product conformity and enhance customer satisfaction.

The Quality Management System is designed to ensure that we consistently provide products and services that meet customer and applicable statutory and regulatory requirements, while also aiming to enhance customer satisfaction through the effective application of the system.

The Company's Quality Management System is in compliance with the ISO9001:2015 standards. The methods employed are kept under continual review and improved whenever and wherever possible.

These principles are intrinsic to the Company and all employees are expected to embrace and support them as a team and to actively pursue the requirements of the Quality Management System in order to meet the expectations of our customers.
